Project: Dumpster Service - Delivery and Pickup

Comment: Excellent service. I rented a disposal unit for a relative in Massachusetts (I live out of state) and the feedback I received from her was all positive. The gentleman who delivered and picked up the unit was friendly and professional. We plan on renting another unit at the end of the summer from them. Nothing but praise for this company. Thank you.

Comment: The Dumpster just left and as usual Dooley did the job. I did however take the 20 yard over the 30 yard and still couldn't fill it. Everyone is courteous and prompt and really professional.

Project: Dumpster Service - Delivery and Pickup

Comments: For 3 yrs. I've asked for a dumpster for my birthday. After 25 yrs. of marriage we've accumulated lots of stuff and have never done a major "purge". Finally, this year my husband "paid to have someone haul our stuff away." What a wonderful feeling cleaning out ...I highly recommend Dooley. They showed when they said they were and picked up when we asked. Very professional. I also highly recommend getting a dumpster to "spring clean". Even my packrat husband got into the groove. We filled it to the top, and could have used another...maybe next year! Thanks a million. Best gift ever!!!
